

Montefiore

From the OFFICE OF THE DEAN

Dear Einstein Community:

I am pleased to announce the promotion of Catherine Skae, M.D., to senior associate dean for graduate medical education. Dr. Skae is currently senior vice president for graduate medical education and oversees Montefiore's office of graduate medical education and house staff office, as well as interactions with the Accreditation Council for Graduate Medical Education. Montefiore's program is one of the largest in the country, training more than 1,600 residents across 86 accredited clinical programs, which are sponsored by Einstein.

Dr. Skae's experience in medical education leadership at Montefiore spans more than a decade. She has, for example, served as assistant chief of service, residency training director, and vice chair for education in pediatrics at the Children's Hospital at Montefiore (CHAM) and at Einstein. Dr. Skae also serves on the Einstein Committee on Student Promotions and Professional Standards, the Liaison Committee on Medical Education (LCME) institutional task force, and the LCME clinical teaching facilities subcommittee.

As an attending physician in pediatrics at CHAM and associate professor of pediatrics at Einstein, Dr. Skae's interests include mentorship, patient and family satisfaction, patient safety, and quality improvement.

Dr. Skae earned her M.D. degree from SUNY Buffalo School of Medicine and completed her internship and residency at Einstein/Montefiore, where she also served as chief resident before being recruited to join the faculty of pediatrics at CHAM. She has received numerous awards for excellence in teaching.

Please join me in congratulating Dr. Skae.

Sincerely,

A handwritten signature in black ink, appearing to read 'G. Tomaselli', with a stylized, flowing script.

Gordon F. Tomaselli, M.D.

The Marilyn and Stanley M. Katz Dean

Albert Einstein College of Medicine

Executive Vice President and Chief Academic Officer
