

Montefiore Einstein Cancer Center Guest Lecture Practical Steps Towards Promoting Health Equity in Cancer Care

Friday May 6, 2022 | 12:00 pm-1:30 pm

Guest Speaker Karen Winkfield, MD, PhD

Executive Director, Meharry-Vanderbilt Alliance
Ingram Professor of Cancer Research
Director of Diversity & Inclusion,
Dept. of Radiation Oncology, Vanderbilt University Medical Center
Professor of Medicine, Meharry Medical College

Join us for this cancer center guest lecture by Dr. Karen Winkfield, appointed by President Joe Biden to the National Cancer Advisory Board to help guide federal initiatives focused on cancer. Dr. Winkfield is a nationally recognized radiation oncologist specializing in the treatment of hematologic and breast malignancies. She leverages her expertise as an implementation scientist to focus on improving health outcomes for underserved populations through community-engaged research and community-based initiatives designed to improve access to healthcare.

The program will feature an interactive panel session including Dr. Winkfield and Montefiore/Einstein faculty with a focus on current ongoing strategies supporting health equity at the Montefiore Einstein Cancer Center.

You are invited to register for this free educational event.

This will be a complimentary Zoom webinar. Click this registration link and we will send you information on how to attend the event: <https://einsteinmed.zoom.us/meeting/register/tJEtcOygpzljGdTvDY7vfSBiXfOAIpNiCvPU>

COURSE OBJECTIVES

- Provide education on the persistence of cancer incidence and outcomes disparities in the United States.
- Review practical steps towards promoting health equity in cancer care from an expert experience.
- Generate innovative processes for improving current institutional efforts in addressing cancer disparities.
- Review mechanisms which cause barriers to care which complicate the navigation of cancer care.

EDUCATIONAL OUTCOME

As a result of this activity, healthcare professionals will be knowledgeable of the persistence of cancer disparities and identify specific innovations to address these disparities. Healthcare professionals will learn from a nationally recognized expert the effective ways to ensure health equity in cancer care.
