

WASHINGTON, D.C.
DECEMBER 1-5

Many members of our Adult/Pediatric Epilepsy Departments participated in the AES Annual Meeting. Congratulations to all those who were invited to speak and present posters!

Congratulations to Dr. Shlomo Shinnar, the new President of The American Epilepsy Society!

Congratulations to Erica Weiss, PhD who received the Jack M. Pellock Award for Pediatric Excellence for her abstract "Memory function following febrile status epilepticus: Results of the Febstat study."

Talks:

- Global Health SIG, Coordinators **Sheryl Haut, MD** and **Mary Spiciarich, MD**.
- Junior Investigator Round Table Discussion "Publishing Your Research: Epilepsy-Specific Journals," **Aristea Galanopoulou, MD, PhD**, and **Andres M. Kanner, M.D., FANA, FAAN**.
- Scientific Symposium: Sex and the Seizure "Sex in the Neurobiology and Treatment of Pediatric Epilepsies," **Aristea Galanopoulou, MD, PhD**.
- Hot Topics Symposium: New Tools for Diagnosis and Treatment, "CBD Case Presentation" **Jules Beal, MD** "Debate: Should CBD be Used for the Treatment of Medically Refractory Epilepsy?" **Elizabeth Thiele, M.D., Ph.D.**, and **Shlomo Shinnar, MD, PhD**.
- Translational Research Symposium: Getting to Yes, "Harmonization Of EEG Methods and Interpretation in Animal Models" **Solomon Moshé, MD**.
- Pediatric Epilepsy Highlights Session, "Memory Function Following Febrile Status Epilepticus: Results of the Febstat Study" **Erica Weiss, PhD**.

Posters:

- **Bebin M, Comi A, Patel AD, Joshi C, Checketts D, Beal JC, Laux LC, De Boer L, Wong MH, Lopez M, Devinsky O, Lyons PD, Pinchon Zentil P, Wechsler R, Szaflarski JP.** "Long-term Efficacy and Safety of Cannabidiol in Children and Adults with Treatment Resistant Epilepsies."
- **Beal JC, Ferastraoraru F, Patel P, Spiciarich MC, Boro A, Shoulders E, Rozon D, Haut S.** "Adverse events with CBD in treatment resistant epilepsy in a pediatric population and proposed interventions."
- **Goenka, A., Boro, A., Yozawitz, E.** Quantitative EEG: Relative Sensitivity of various spectrograms in detecting seizure subtypes.
- **Shellhaas R, Knupp KG, Patel A, Fernandez IS, Loddenkemper T, Coryell J, Keator C, Chu CJ, Valencia I, Berg AT, Mytinger J, Hussain SA, Singhal N, Mitchell W, Nordli D, Harini C, Gaillard WD, Wusthoff C, Yozawitz E, Wirrell EC, Grinspan Z.** Comparative Effectiveness of ACTH Versus Other Therapies for Infantile Spasms: Counterfactual Calculations and Potential Effect of Practice Change.
- **McGinley J, Boro A, Legatt A, Masur D, Brook A, Haut S;** Modification of the WADA Procedure for Persons with Early Onset Visual Impairments/Blindness
- **Weiss EF, Masur D, Shinnar S, Hesdorffer DC, Lewis DV, Shinnar RC, Bello JA, Chan S, Seinfeld S, Gallentine W, Frank LM, Epstein LG, Nord-li D, Moshé SL, Zhang J, Sun S,** Memory Function Following Febrile Status Epilepticus: Results of the FEBSTAT Study
